Partnerships

About Mission 911

Mission 911's mission is to reach out to the homeless and citizens of this community struggling in poverty to provide them with shelter, meals, food supplies, transportation, opportunities to learn and use a vocational skill, and a place to worship and learn more about God's grace. Mission 911 is a nonprofit 501c3 Faith-based Mission that opened its doors in April 2000, and serves the Coastal Bend community by providing apartments, vocational support, spiritual support, and hope for adults of all ages struggling in poverty. It is innovative in that it provides mentoring programs, basic life skills programs, substance abuse programs, and vocational training on-site as well as housing for those in need.
