

Dear Friend of Mission 911,

25 YEARS!!!

For 25 years, Mission 911 has been crafting a masterpiece, crafted by God's palette, painted together with the generosity of our supporters, and brought to life by the resilient stories of the people we serve. This year, we invite you to join us for **The Art of Hope** - a truly unique celebration at the **Art Museum of South Texas**. Surrounded by world-class works of art, we will celebrate the most beautiful masterpieces of all—lives transformed by hope.

An Event Like No Other

This will not be a traditional fundraiser with tickets and table sales. Instead, we are asking our sponsors to help us bring guests—people who may not yet know our mission but would want to stand with us as we step into the next chapter of Mission 911's history.

In place of inviting a national speaker, you will hear from our founder, **Tony Reyes**, who will reflect on the journey that began 25 years ago and hear as he shares his vision for the future. In addition, you will hear directly from those whose lives have been forever changed—powerful, authentic voices that embody the mission of Mission 911. Voices like...

Jorge, a hardworking father, faced losing his home when rising rent and unpaid bills overwhelmed his paycheck. Eviction loomed, and the fear of homelessness for his wife and children weighed heavily on him. Then Mission 911 stepped in. Through devoted case workers, they helped cover his overdue electric bills and rent, keeping the lights on and a roof over his family's head. With that support, Jorge regained stability and hope. He continued working, able once again to provide for his family. Mission 911 didn't just save his home—they restored his dignity and gave his children the security they desperately needed.

How You Can Partner

Your sponsorship will help us celebrate this milestone and continue sculpting the next 25 years of Mission 911. Just as an artist layers paint to bring depth to their work, your support will add richness and dimension to our ministry—ensuring that stories like Jorge's continue to unfold across our community.

We would be honored to partner with you for this historic event. Together, we can ensure the Art of Hope continues to be painted for generations to come.
